You Can Remove Teams (for Example: ACP) via the "Remove Teams" Option

The screenshot displays the Epic Hyperspace interface for a user named JAIZIN-RES A. The main section is titled 'Patient Lists' and shows a list of patients under the heading 'LHH 4 Uris Nrsg 2 Patients'. The list includes columns for Patient Photo, Bed, Patient Name, MRN, CSN, Age/Ger, Service, Attending, and Isolation. Two patients are listed: one with bed 4601-01 and another with bed 4601-02. A context menu is open over the patient list, with the 'Assign Teams' option highlighted by a red circle. Other options in the menu include 'Print List', 'Assign Me', 'Assign Me as 1st Contact', 'End My Assignments', 'Assign Others', 'End Others' Assignments', 'Remove Teams', 'Add to Membership', 'Add to Reminder List', 'Copy Patient', and 'Send To'. The left sidebar shows 'My Lists' and 'Available Lists'.

When a patient is selected, their summary displays at the bottom based on the "Physician Checklist" that we defaulted earlier (this makes sure to remind you to actually do your daily tasks). You can click through labs, vitals, I/Os, etc by clicking the circled headers (which can be re-organized). This allows for quick pre-charting. This is also the area for discharge planning and IDRs

Note Regarding Results and Note Review

- When a New Result or New Note Is Added to the Chart, You Should Click the Clock Icon in the Tab Labelled (Mark as Reviewed).
 - This Time Stamps when You Saw the Results/Note
 - "Marking as Reviewed" Removes Flags
 - Note: It Is Important that You Actually Review and Address the Results/Note when You Mark as Reviewed, because You Are Otherwise Saying that You Saw a Result/Note but Did Nothing About It at the Time
